≫ Greg Parsons Web Developer

phone: 02108257562   email: greg.parsons@ject.nz

≫ Career Objective

I am a web developer with a **passion** for producing **beautiful** and **functional user experiences** where **accessibility** and **responsiveness** are not an afterthought but a primary consideration. I am interested in the intersection of Design, User Experience and Development and how to best use these foundations to create responsive and and engaging digital journeys. I am eager to find a new role that is challenging and rewarding, allowing me to work to my strengths as well as grow my professional skills.

≫ Work Experience

≫ Founder & Web Developer

Dose Me — from Oct 2023 to Present

Conceptualised, architected and developed a web application for cataloguing and tracking prescribed medications. Frontend application built with Vite, Vue, Vue Router and Pinia, using Firebase for Authentication, Data Storage and Hosting.
